## ALL SCHOOLS OBSERVE PUBLIC SCHOOLS WEEK

### Announce Special Events For Week At Each School

All schools of the Jefferson Elementary district will participate in the Thirtieth Annual Observance of Public Schools Week beginning on Monday, April 25, in a series of open house, demonstrations, and exhibits of pupils' work, according to James E. Snell, superintendent of schools.

Parents and patrons of the schools are invited to participate in the various programs. A schedule of special events is as follows:

The Woodrow Wilson primary school will hold "open house" on Tuesday evening, April 26, from 7:30 to 8:30 p.m. Parents are also invited to attend the classroom during the week.

An exhibition of students' work and activities will be on display for the open house of the Crocker-Woodrow Elementary schools which will be held from 7 to 9 p.m. April 25.

Audio-visual equipment and material will be displayed to familiarize the public with modern teaching devices and techniques. Students will be in charge to answer questions concerning their use and operation.

Other exhibits will include those in arithmetic, language arts, arts and crafts work and samples of the new state text adoptions.

A demonstration of the glee club and orchestra will be given at 7:15 to 7:45 p.m. in the library.

Student body officers and student council members will act as hosts and hostesses in hall and classrooms. Teachers will be in their rooms to meet parents and friends.

Open house at the Jefferson grammar school will be held Wednesday, April 27, from 7:30 to 9 p.m. A short program by the glee club will highlight the evening.

Audio-visual equipment, text books, and the students' work will be displayed.

The Broadmoor first grade will hold their open house in the Broadmoor Center on Wednesday afternoon between 1 and 2 p.m.

Open house and a class demonstration will be on the program at the General Pershing School Monday, April 25. Opening exercises in all rooms will begin at 9 a.m., followed by lessons in arithmetic, current events, language, spelling, reading, and poetry.

Dancing and a play will be presented from 1 to 2 p.m. The kindergarten will demonstrate singing and rhythms from 1 a.m. to noon. The speech class will be held from 10:15 a.m. to 11:15 a.m.

R. S. Thornton school will have a display of students' work and individual children's work at their open house Thursday, April 28, from 7:30 p.m. to 9 p.m. Teachers will be in their rooms to meet parents and friends.

### Daly City Concert Association Will Meet April 27th

A meeting of the Daly City Concert Association will be held April 27 to prepare for the campaign week which will begin May 23. The meeting will begin at 8 p.m. in the council chambers.

The association is organized on a membership basis. Each member pays annual dues, entitling him to attend all of the concerts presented by the association each season without additional expense. At the end of a week's campaign, the membership is closed, and no one may join for another year. Enough members must be secured to make possible a minimum of three major concerts.

Artists are selected by the local committee at the close of the membership drive week. The selection of a series varies according to the amount of money available from membership dues.

The association obtained about 500 members last year enabling them to have three concerts. This year they hope to obtain enough for four or five concerts.

Anyone interested in helping out during the membership week is asked to attend the meeting Wednesday night.

### BUSINESS FROM TOKYO, JAPAN FOR D.C. CLEANERS

The good news is getting around. The Daly City Cleaners is now getting business from as far away as Tokyo.

Families of the United States Navy stationed in Japan have for some time had trouble getting their clothes cleaned "decently." After trying the local plants they began sending their clothes to Manila with little better luck.

One of the officers' wives, however, lived in Daly City and began sending her clothes to her home town cleaners, i.e., the Daly City Cleaners. Soon her friends began to follow suit. Consequently the D.C. Cleaners has quite a trade from Tokyo.

#### *Fine Attendance At Easter Services*

Reverend D. C. McKisson of Grace Nazarene church reported an excellent attendance to Easter services last Sunday. The Young People's society presented a contatta at the evening service and the Junior Boys and Girls were in charge of the 10 a.m. program. Reverend McKisson spoke at the 11 a.m. service and also sang the "Holy City."

The Easter offering was taken for the foreign missions.

### Fahey May Be First In Line For New Judgeship

Judge John J. Fahey Jr., South San Francisco justice of the peace, may be the first in line for appointment soon as the county's third superior judge, according to a rumor published in the Burlingame Advance this week.

"According to well-founded rumor," the article read, "Judge Fahey will be appointed by the governor as a means of building his political strength in the north county, where he proved relatively weak in the gubernatorial election of 1946."

Fahey has been justice of the peace since 1943, with the exception of two years wartime service in the navy.

He is now serving a three-months term as a San Francisco municipal judge.

### Four Applications For Card Rooms Are Rejected

The county board of supervisors this week rejected four applications for licenses to permit operation of card rooms, tabled three, and approved withdrawal of one, acting on recommendations made by Sheriff James J. McGrath.

The board scheduled the other three applications for action on May 3.

The board has granted no licenses since it passed an ordinance aimed at tightening up operations of card rooms by limiting number of tables and by providing for unhampered inspection by the sheriff's office.

### High School Field To Be Available For Overflow Crowd

The biggest parade in the history of Daly City, followed by the best May Day festival ever, were assured for Sunday, May 1, as Chairman Melford D. Battye announced that this year's list of entries already surpassed the 1948 figures, with additional participants expected.

A partial list of participating organizations included the following: Daly City Band, Jefferson High Band, San Mateo County Mounted Sheriff's Posse, Hayward Palomino Club, S.F. Horsemen's Association, and other horse-riders, floats from Parent-Teacher Association, Fraternal Order of Eagles, Daly City Fire Department, Merchants Association, Colma Boys Club, American Legion, Veterans of Foreign Wars, with a display of military strength, Y.L.I. drill team and a host of other drum corps, bands, marching units and other organizations.

Fears that the high school stadium might not be available were dissipated early this week when the high school board of trustees and Stanford Hannah, district head, met with Mayor Paul Green and Councilmen Battye, Fred Bertetta, and A. J. Gaggero to consider joint use of the high school grounds for recreational purposes and tentative arrangements were made whereby the field would be made available.

Organizations were still sending in entries for the parade, and Maypole dancers, a May Queen, juvenile musicians and other entertainers were rehearsing for their part in the festival program following the parade.

Mission street, main route of the march, will be decorated with banners for the occasion, and it is estimated that thousands of on-lookers will crowd the sidewalks to watch the procession.

Trophies, which will be presented at the conclusion of the event, are now on display at the Daly City Theatre.

## MEANEST THIEVES YET!

***Itchy fingers is the only way to describe the culpril or culprits who have made a business the past few weeks of stealing cans from the counters of business houses throughout the city. The first one, a jar for Boys' Summer camp, was taken from McGraw Bros. pharmacy; the second, for crippled children, from the Daly City Theatre; and not only one, but two, were reported stolen from the counter of Sprouse-Reitz Co.; one for the Cancer drive and one for crippled children. S. L. Brady, manager announced that the amount taken would be made up from the store's donation.***

***The few dollars or cents taken mean nothing to one who has his health, happiness and home, but these few cents from each jar added to thousands of other jars mean more than money—a brighter future for some crippled youngster, a poor boy or girl whose family can't afford to send them to summer camp, or even an adult who is suffering from the ravages of cancer and can't afford medical treatment.***

***We who are the fortunates might consider those who aren't and think twice before we do such things. The one or ones who so bravely stole those cans might some day be in real need and seek aid from one of these agencies.***

## "The First Year Was Wonderful"

Celebrating their first year in business this week, the Martorana brothers, (left to right) Joe, Frank, and Sal, take time out to pose in front of their used car lot at7073 Mission street.

This week a year ago three brothers, Joe, Frank, and Sal Martorana, started on their own selling used cars at 7073 Mission street. For some months before that time they had been thinking of the idea, but they were particular as to the location of their new business.

They wanted to set up shop in a pleasant, progressive district where they could have confidence in the future of their community. They chose Daly City.

In the year since they have been in business here, the Martorana brothers have sold 300 automobiles to satisfied customers all over the Bay Area — but mostly to Daly City people, and they have become an asset to the city. All three brothers are active in the Colma - Vista Grande Aerie of the Eagles. Frank is the firm's representative at meetings of the Daly City Merchants association.

All the brothers had automobile and mechanical experience before they hung out their shingle here:

Frank had been sales manager for two Chrysler products dealers and for four years during the war had been supervisor in charge of power electrical repairs at the Hunter's Point Naval Drydocks.

Joe had been an aviation machinist's mate in the Navy, and Sal had had long experience in the automobile business.

"Our first year was wonderful," Joe said. "I want to thank all the people in Daly City who have helped us become a success today."

## DALY CITY SCAVENGERS ASK FOR RATE INCREASE

### Added Services To Be Included In New Proposal

The following letter is being distributed to all users of the Daly City Scavenger Co. services. It is self-explanatory and gives detailed information as to the new services being offered:

To our Customers and
Residents of Daly City:

The Daly City Scavenger Co. is asking you for an increase in garbage collection rates, while at the same time offering services to you.

At the present time, we receive 35c per month for weekly service to Daly City householders; 25c of this amount is paid out of water receipts and 10c is paid directly by the consumer. This is the lowest rate we know of. The usual rate ranges from 75c to 90c in neighboring communities.

We should like to offer the following services:

1. Regular weekly pick-up as at present, except that householders may use two garbage cans provided edible garbage is separated from other refuse.

2. A special pick-up of garden trimmings and other refuse EVERY MONTH. Also, a special monthly pick-up of old newspapers, with 25 per cent of the proceeds to be turned over to the city Recreation fund.

3. Every spring, a CLEAN-UP WEEK, in which we will haul away the accumulation of refuse and junk which piles up in basements, attics, etc.

We offer the services described above for 60c per month, an increase of 25c over present rates. Everything has gone up except garbage rates in Daly City, and we believe the residents, working people themselves, will be fair in considering our request.

Your cooperation is needed and appreciated.

Sincerely,
DALY CITY SCAVENGER CO.

### Church Ladies Thank Record For Publicity Help

The write-up on the Daly City Easter church services last week prompted a thank-you note from Mrs. William Harberts of the Grace Presbyterian church.

Wrote Mrs. Harberts:

"Thank you for the fine job of publicity you did for the Easter services and the Food and Bake Sale sponsored by our church women.

Grace Presbyterian Church
Mrs. William Harberts."

Another thank-you note was also received by the Record from another member of the church. It is as follows:

"The ladies of Grace Presbyterian church wish to thank you for the fine publicity which helped to make their food sale at Sprouse-Reitz store on April 16 a very successful undertaking.

Sincerely,
Bernice Hannah."

## The Real Cost of TVA Power

The Tennessee Valley Authority is back in the limelight. The country, through its representatives in Congress, is being asked whether it will, or will not, approve the Authority's request for federal funds to build steam-power generating plants to supply electricity to the Tennessee Valley and adjacent territory. This is significant, although it is not the first time that federal steam-power plant construction has been proposed as a federal peace-time function. The Interior Department, for several years, has sought appropriations with which to build steam-power plants in connection with the Central Valley Project in California.

But the distinctive feature of T.V.A.'s proposal is this: Having completed the development of the hydro-power potential within the Tennessee River watershed, it must now broaden its activities to include fuel-power as well as hydro-power development if it alone is to continue to meet the growing power demands of industries and municipalities in that area. The question thus raised is no longer that of water resource conservation, but rather power supply.

Is power supply, by itself, a function of the federal government and an obligation of the taxpayers elsewhere in the country? Obviously what is proposed by T.V.A. would, if adopted, open wide the door for the federal government to engage in the power business anywhere in the country and regardless of any association with water-power conservation. In fact, the step out of the utility business into any other business is no longer than the step out of water-power conservation into steam-power supply.

The public-versus-private- power issue was distorted and greatly complicated by the advent of federal power production by a federal corporate authority. The results of T.V.A. operations, as related in its annual reports, as extolled by its officers and adherents, and as challenged or condemned by opponents and critics, seemed to lack objective analysis. This, of course, is the natural outgrowth of debate, which usually generated much heat but seldom shed light on true costs, taxes, investment allocations and other essential factual information.

Briefly, for the years covered — that is through June 30, 1946 — a study shows:

| | |
|---|---|
| Treasury funds actually invested and operative in all T.V.A. activities as of June 30, 1946 | $742,386,524 |
| Non-River investments deducted | 74,525,261 |
| Balance in River Plant | $667,861,263 |
| Addition of items to River Plant, omitted by T.V.A. | 44,394,436 |
| Total investment cost of operative River System | $712,255,699 |

The above final total is the investment used in determining the interest and taxes a utility company would pay were such company permitted to operate the river control system as built by T.V.A.

### Movies Are Highly Serious Business To Eddie Albert

One of these days film actor Eddie Albert will be one of the leading producers in the film industry. And that day isn't in the too distant future.

That's the conclusion to be drawn after talking with the actor for about five minutes. And the longer the conversation continues, the more certain it becomes that Eddie has a great deal to contribute to the future of motion pictures.

Young Mr. Albert already has established himself as an actor. His new role with Joan Fontaine and Jimmy Stewart in "You Gotta Stay Happy," opening Sunday at the Daly City Theatre, is just one of the good parts that have come his way.

But Albert isn't satisfied with his action career. He wants to be a producer. Nor is this just an idle ambition. He actually is doing something about it. He already has produced 10 films of an educational nature, the pictures running from 20 minutes to an hour in length.

"By comparison with the pictures I've produced already, making regular films would be a cinch," the actor declares. "In fact, I might even be able to surprise people by coming up with something new in the way of screen entertainment."

In "You Gotta Stay Happy," one of the season's outstanding romantic comedy hits, Eddie has the role of a coast-to-coast cargo plane pilot. He plays the character "Bullets" who stood out so vividly in Robert Carson's Saturday Evening Post serial from which the movie was adapted.

## OFF THE BLOTTER . . .

The cookie jar wasn't too far for someone to reach in the Themoleas home, last Thursday evening. Besides it was worth $200. A report was made to police at 9 p.m. that evening that the home bad been entered while the family was away. According to police, entrance was gained by breaking a glass panel in the front door. In checking the cookie jar the culprit didn't find cookies but oodles and oodles of dimes and a sterling silver piggy bank full of more dimes. The next time, to be sure, the jar will be filled with edibles.

Little Wayne Newby, 4 years, of 578 San Diego avenue, was taken to Junipero Serra hospital by Dean Wood for treatment of a lacerated right ear after he had fallen out of bed and struck his head on the French doors.

We can still be sure there are some honest people left and one of them is Ronnie Jones, of 49 Knowles avenue, who found a broken Cancer can, 93 cents, a prayer book, one pair of rosary beads, and a Revlon lipstick, in a large paper bag in a vacant lot next to 33 Knowles avenue last Friday afternoon. The rosary beads were a treasure of Mrs. Emma Priest, 128 Los Olivos avenue, who a few weeks ago had lost her purse containing money, the rosary beads and other valuables.

Two boys are doing a lot of walking this week because someone took their bicycles last week. One of the boys is Frank Clemens, 234 Los Banos avenue, who reported his bike stolen Thursday, April 14, in front of 90 Woodrow street. The bike was a dark green Mercury, minus the fenders, blue seat cover, and slightly chipped.

The other walker is Robert Wilken, 8 years old, of 177 Alexander street, whose bike was taken last Saturday while he was at play at Jefferson Union High school. The bike was black with tubeless tires, no back fender and only half fender on front and quite a few spokes missing. Maybe if the two get together they could make one whole bike, if they ever get them back.

Ray Shepard, 1239 Geneva, San Francisco, and Ozzie M. Splivalo, jr., 225 Jones street, San Francisco, bumped autos last Friday on Mission street in the north-bound traffic lane opposite Goethe street. Minor property damage only.

Paul Marcelli, 22, of 1386-A Pacific avenue, San Francisco, was treated at Junipero Serra hospital last Sunday for injuries on the left leg and foot. Marcelli, and his companion, Albert Del Sarto, 3131 Octavia street, San Francisco, were changing a tire on Del Sarto's Buick convertible on the No. 1 Highway when Marcelli was struck by a dark maroon sedan. Both were unable to remember either the license number or the make of the car.

# Legion Aux. Dist. 26 Hold Meeting At Legion Hall

District 26 of the American Legion auxiliary met recently in the American Legion hall, 474 San Diego avenue, Daly City, with Daly City and Broadmoor units as hostesses. Mrs. Charles Berryessa, presiding officer, presented to the membership two distinguished guests, Ruby Stump, department child welfare chairman of the American Legion auxiliary and also department rehabilitation chairman, Helen Lochousen.

April, in the American Legion and Auxiliary, is designated as child welfare month, a program concerned with the physical, mental, emotional, and spiritual wellbeing of the child. The slogan for this major program is "Square deal to every child."

Agnes Willis, district welfare chairman, asked units in the district to make their donations to the department child welfare fund. Ruby Stump, the department child welfare chairman, said that the last week in April will be back-to-church movement, and many units are carrying on a very successful project along this line.

Mrs. Leslie Hanson, district poppy chairman, reported that most of the units received their poppy orders. The poppies to be sold were made by the veterans in the Palo Alto Veterans hospital and Yountville veterans hospital. The funds derived from the sale are used for the welfare of veterans of world wars and their families.

A poppy breakfast and radio broadcast will be held at Bondy's in Belmont on May 22 at 11 a.m. Reservations may be made by calling Laura Stetcher at Belmont 1329W or Leslie Hanson at JUniper 7-5951 or writing Box 335, Belmont, or 64 Acton street, Daly City.

The next district meeting will be held at the American Legion hall in South San Francisco May 13.

# News Column From San Mateo Jaysee

Back from their Easter vacation, San Mateo Junior College students are taking up their activities again with a very busy week end awaiting them. Friday evening of this week the Associated Men Students will have their annual spring smoker at Coyote Point, with Fred Calvelli, president of the group, in charge of arranging the program. Also, on Friday the alumni engineers have their spring meeting in San Francisco.

Saturday evening the Associated Women Students and the men's club will join forces to present the spring semi-formal dance at the Hotel St. Francis. Joan Jorgensen is president of the women's group. Mardy Leaver and his orchestra will play for the dancing.

Sports events are also included on the student program. Sunday the students plan a swimming party at Coyote Point. Meanwhile, the baseball team, leading the league with six straight wins, will meet more opponents, the golf team plays Menlo College Friday at Crystal Springs, and the tennis team will play Menlo the same day. Also, the tennis men are getting ready for the annual Ojai Invitationals which are slated for April 28-30.

Thursday, April 28, the junior college will observe Public Schools Week by having the three plants open for evening visits (Day time visits are always in order). The Thursday program will open at 4 o'clock at Coyote Point, and families are urged to visit the Point and at six buy an evening meal in the cafeteria. Then at seven the public will visit the Delaware and Baldwin campuses where the various departments will have their work on display, shops will be running, and faculty members will be present to meet the visitors. In addition the museum and adult center evening classes will be open.

# Two Wills Lead To Dispute In Large Estate

A dispute over the $50,000 estate of Ola Alexiom has arisen with the discovery that the deceased woman left two wills, one dated June 15, 1948, and the other June 16, 1948.

Mrs. Alexiom, who divorced her husband Angelo of 6596 Mission street in 1946 after twenty years of married life, first executed a will while she was in a Palo Alto hospital, dispossessing her 16-year-old daughter, Gloria Alexiom, and leaving most of her property to Elsie Hartosook of Palo Alto. The will issued the next day, left everything to her husband, naming her daughter as alternate beneficiary. She died July 21, 1948.

Thomas Bocci will act as attorney for the probate of the second will and the contesting of the first for Angelo Alexiom, who has been appointed special administrator to the estate.

# Italian Welfare Agency Seeking Contributions

The Italian Welfare Agency is seeking $25,000 in contributions to carry out its humanitarian activities among Italian-Americans in northern California through 1949. A non-profit, charitable, benevolent and philanthropic organization the I.W.A. is the only organization of its kind in California that understands the culture, background and requirements of the Italian people and can meet them with a common language.

The functions of the Italian Welfare Agency are:

1. To render aid and counsel to the indigent, the needy, the ill, the socially or economically maladjusted, and to those who by reason of lack of familiarity with our laws, language, and customs require help in adjusting themselves to our economic and social life.

2. To furnish emergency relief whenever necessary as well as clothing and housing facilities.

3. To assist in welfare relief work, and to cooperate with reference thereto with local, state and federal agencies, and with such other organizations engaged in like work (F.B.I., Army service forces, American Red Cross, public welfare department, immigration and naturalization, etc.).

In 1948, service was rendered to about 5,000 Italians and Italian-Americans in San Francisco. Cases dealt with domestic problems, juvenile delinquency, rehabilitation work with people paroled from state hospitals, handicapped children, aged, foster home placement, Americanization, housing, employment and illness.

Layettes, new and used clothing were furnished to men, women and children. Medical, dental and emergency medical care were provided to people through clinics and private sources. Burial arrangements, citizenship petitions and a host of other services were rendered by the Agency.

# THE LAMP OF FREEDOM

Once more California pauses to take stock of its system of free education with the advent of the 30th annual Public Schools Week, April 25 to 30.

With free men the world over girding themselves to protect their heritage of freedom, the sponsors of Public Schools Week have wisely chosen as the slogan of the occasion, "The Lamp of Freedom — the Public School."

The public school system is part and parcel of the American way of life. It is in the public school, rural as well as urban, that the seed of democracy is planted and nourished. Day by day and year after year, students grow in their awareness and understanding of the principles of freedom and the responsibilities of citizenship in a democracy.

The public school system imposes a grave responsibility on the legion of teachers entrusted with the education of the youth of the land. It is a responsibility delegated by the public and it is wise from time to time that both teachers and students should have the opportunity of giving an accounting of what is being done.

That is the reason for Public Schools Week. Every public school, no matter how small will hold open house during this week. Men and women are urged to visit a neighborhood school, get acquainted with the teachers and see the work the students are doing.

Remember the public school is your school. You can help keep "the lamp of freedom" burning more brightly by your demonstrated interest in the work of the teachers and the students. They will welcome your visit.

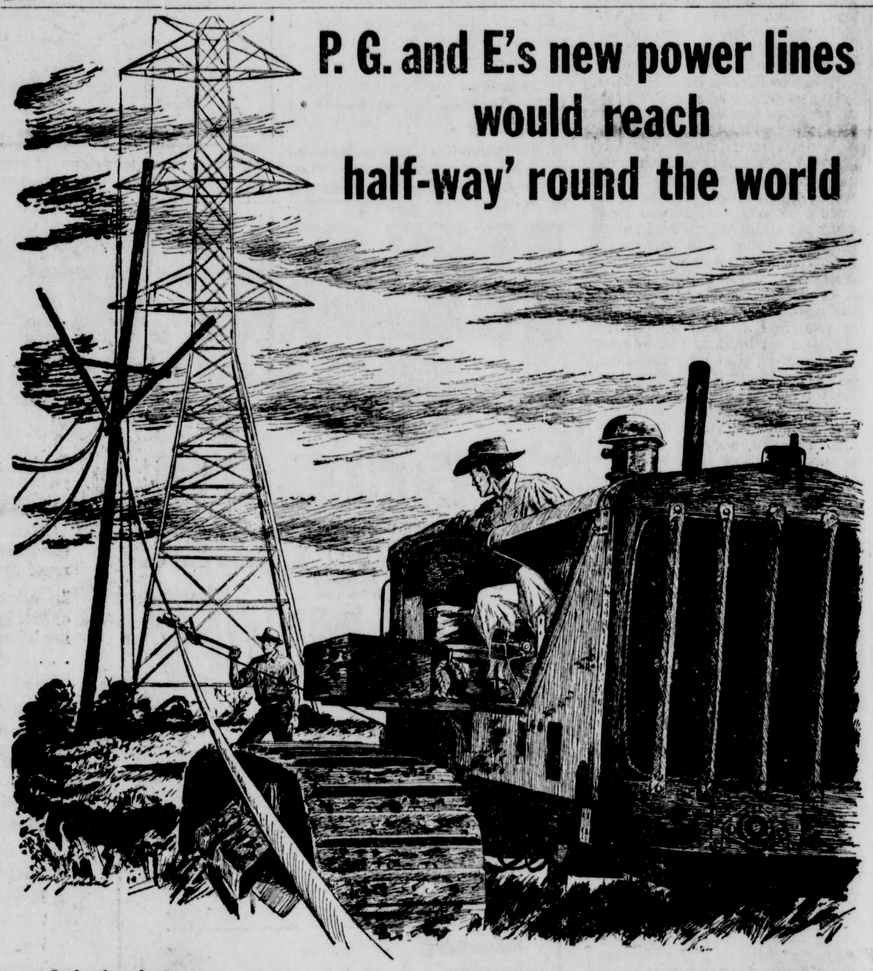
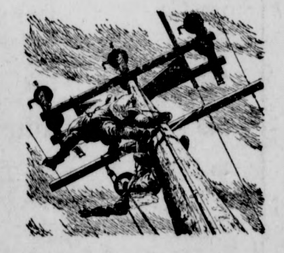
P. G. and E.'s new power lines would reach half-way' round the world



**Swinging between** towers and poles in Northern and Central California today are some 12,000 miles of new power lines . . . added since war-time building restrictions were lifted. And even more new lines are going up at the rate of 3,000 miles a year. That's three times as fast as prewar construction. All told, more than 50,000 miles of transmission and distribution lines are already on the job in the area we serve—America's largest inter-connected power network.

**Helping speed** the job are new methods and equipment like this radio telephone. With it an engineer can tell a distant winch operator just how much tension to put on the line as it is hoisted up and strung between towers.



**These new lines** and half a million new horsepower are serving California's expanding industrial and agricultural activities. Last year alone, more than 71,000 new electric customers were connected to P. G. and E's system.

STORIES PICTURES PUZZLES GAMES

## This Is Your Party

BY ROY L. WARREN

THIS is your party, so make it good. The best way to do it is with rousing games. For a starter try "Famous People."

As many slips of paper are used as there are boys and girls at the party. On each one of these slips is written the name of some well-known character of fact or fiction, such as George Washington, Napoleon, Cleopatra, Old Mother Hubbard, etc. Then one of these slips is pinned to the back of each player. But players are not permitted to know which names have been pinned to their backs. Each player is supposed to BE the famous person whose name is shown on this slip.

The purpose of the game is for each person, by asking questions which can be answered by "Yes" or "No," to find out what famous person he is supposed to be. He or she can ask, "Am I a character in fiction?" or "Am I a member of the nobility?" or any other "Yes" or "No" question that will help him to learn his identity. This game continues until every person present has discovered just what famous character he is supposed to be.

This game is a great one for getting acquainted early in the evening, when some of the guests who do not know the others very well and are inclined not to enter into the spirit of the party.

• • •

THE game of "Automobile" is also a good one. Any number may play this game. There are seats for all the players but one, who stands in the center of the group.

Each party sitting down takes the name of some part of an automobile. The person in the center starts to tell a story about an automobile and whenever he mentions the name of a part of the automobile, the person who represents that part must get up and turn around. When the word automobile is spoken, everybody must get up and turn around.

At the end of the story, the person in the middle says, "The automobile overturned in the ditch." Then everyone has to change seats, the seatless story teller, of course, trying to get a seat in the general confusion. The person who can find no place to sit has to be the story teller for the next trip of the automobile.

## Musical Marching

BY ANNETTE LINGELBACH

Here's a game with plenty of action. You need music and a pail, basket, pan or box and a number of small objects for each two players. The objects can be balls, marbles, tops, dolls—items not easily lost or broken.

The group is divided into pairs, each getting one container and its small objects. The small items are placed under the container and the music begins.

One player marches with players from other teams to the music while the other player on the team of two scatters the objects around the container. When the music stops the two groups change places and the music starts again. The marchers then try to replace all the objects before the music stops a second time. Then the players change places and repeat.

# DALY CITY LEADS ENTIRE COUNTY IN BUILDING PERMITS FOR MARCH

### "Fastest Growing City On Peninsula" Says Mayor Green

The fastest-growing city in San Mateo county.

That was the title earned by Daly City during the month of March, when building permit valuation figures for nine Bay counties were announced this week.

Daly City led all other peninsula communities, and reported issuance of 79 building permits with a valuation of $588,341. The start of the gigantic Westlake subdivision, being developed by Henry Doelger, Inc. on land newly-annexed to Daly City, was given credit for much of the new building.

Besides leading San Mateo county, the Daly City building permits surpassed building figures for the entire county of Marin, which reported valuations of $424,677 during March.

Mayor Paul Green estimated that Daly City would continue to set the pace for new dwelling construction, pointing out that the Westlake development was far superior to most subdivisions in the State of California, and that homes throughout the older parts of Daly City were also being sought by home-purchasers.

# Easter Bunny Does Big Business - - - Thousands Enjoy Huge Egg Hunt

The Easter Bunny had a busy day Saturday preparing and hiding the 2500 eggs used in the Easter Egg Hunt sponsored by the Daly City Recreation Committee. However, he was amply supplied with help from the members of the recreation committee, scout leaders, the Daly City - Colma Girl Scouts, the Colma P.T.A., Crocker P.T.A., General Pershing P.T.A., Woodrow Wilson P.T.A., and the O.L.P.H. Mother's Club.

Fortunately for all concerned, the sun chose to shine, so that the children had a dry as well as exciting hunt.

While members of Girl Scout Troops 2 and 3 hid eggs at the high school field and Mrs. Henry Seiler's troop hid them at Marchbanks, the children waiting to participate played games.

Nearly a thousand youngsters at the high school entered the numerous games, which included obstacle race, ping-pong, bowling, back-to-back, hurdles, ping-pong balance, feet ten pin, ten pin balance, basketball, straw, skip rope, chin pass, balance hop. Prizes were given out in each game. In charge was Bob Seiler, Herb Osuna, Bill Firpo, for the 10 to 12-year group, and Joe Ballarin, Tiny Clement, and Ed Cassilagio.

Some 800 younger children at Marchbanks Park participated in circle games. In charge was Glen Smith, Beth Kaberary, and Kathleen Schreiber.

Mrs. Valletta Ennis, assisted by Mrs. Hilda Dennis, had charge of the 10- to 12-year-old group during the egg hunt. Seven to 9-year-olds were under the direction of Mrs. Dolly Gensen and Mrs. Cecil Saarinen. Mrs. Ann Eason had charge of the 5 to 6-year-olds while Mrs. Effie Jordan, and Mrs. John Sorenson watched over those 4 and under.

Eggs were colored under the direction of Mrs. Hilda Heagney, Mrs. Dorothy Kramer and Mrs. Rose Bardford, other adults and the young but very able Girl Scouts of Troop 12.

Prizes for marked eggs were given out. These included toy accordions for each "first prize," a plastic egg for each "second prize winner," and a yellow bunny for the "third prize winners." Mrs. Ennis had charge of the prizes.

Eggs were saved out to distribute to youngsters who failed to find any, although there was still not enough to go around. Many chocolate bunnies were given to the children at Marchbanks by Williams' Candies.

Among those who assisted were Mrs. Hilda Dennis, Marlene Taylor, Mrs. Dorotha Stookey, Mrs. Jeanne Brugge, Mrs. Julia Bertetta, Mrs. Virginia Stanghellini, Mrs. Mary Larson, Mrs. Carol Freeland, Mrs. Dorothy Kramer, Mrs. Helen Cheatham, Mrs. Dolly Gensel, Mrs. Fox, Mrs. Cecil Saarinen. # Edward J. Foley Claims Many Do Not Understand Social Security Benefits

Several aspects of the U. S. Old-Age and Survivors Insurance program are not fully understood by many persons, according to Edward J. Foley, manager of the San Mateo office of the Social Security Administration.

"Old-Age and Survivors Insurance for workers and their families is not affected by any savings or property they have," he pointed out, "as it is insurance paid for by them and their employers.

"Some Social Security card holders age 65 or over do not know that they may draw Old-Age and Survivors Insurance benefits at the same time they are receiving Unemployment Compensation or Disability Insurance.

"If you are over 65 you don't have to retire permanently from work to receive these benefits. You may enter or leave employment as often as you like. However, no benefit is payable for months in which you earn more than $14.99 on a job covered by the Social Security Act. Social Security benefits may be paid if you change to a job that is not covered by the law, however.

"Before benefits can be paid to a retired person or survivor, an application must be filed, as payments are not made automatically."

To prevent possible loss of benefits, Mr. Foley urges that workers over 65 or the families of workers who die, contact the local Social Security office at 42 North B street, San Mateo, to obtain information.

## Southern Pacific Honeymoon Limited Planned In June

There has never been a famous honeymoon in history. Famous love affairs; famous divorces, but no Famous Honeymoon.

Now this oversight is to be corrected. Two men, Wesley Oliver and Henry Soto have put their heads together with the heads of The Southern Pacific Railroad and have come up with this correction to history, "Honeymoon Limited."

Late in June this year a special Southern Pacific train will gather up the cream of the crop of California newlyweds and speed them across the continent to points of interest. Carlsbad Caverns, Juarez, Mexico. The fabulous Shamrock Hotel in Houston; a stay and a visit in colorful New Orleans; Washington D. C. for a Fourth of July celebration per excellent. New York City, its theatre and night clubs. Grand Honeymoon Balls. A Royal Canadian welcome is assured in Montreal with radio hookup and welcome by hizzoner the Mayor of Montreal. Niagara Falls, mecca of honeymooners everywhere, is a must for any honeymoon expecting to be famous.

The balance of the trip will include the Canadian Rockies, British Columbia and our own Oregon and Washington.

Not only will this Honeyomon Limited make history, it will also make mileage; visiting three countries, sixteen states and six provinces in Canada.

## S.F. Stadium To Be Enlarged

Approval of the finance committee of the Board of Supervisors of transfer of $250,000 in Park Commission funds for the purpose, was looked on as virtual assurance of 7500 additional seats and development of more parking space for Kezar Stadium. The measure now goes to the full Board.

The $250,000 would be used to start purchase of land East of the Stadium which would make almost a full block available for parking, bringing the present 400 car capacity space to 600 cars. Seating capacity of the bowl would be increased to approximately 70,000 by the addition planned. Installation of lights in the Stadium, now under way, will enhance the value of Kezar and insure further use for athletic and civic events.

### Waves Win Honors In Pistol Match

The San Diego Waves pistol team last week walked off with top honors at a southern California pistol match held at Calexico. The four girls on the Waves team outshot the Fort Ord Army Officers team in a nip and tuck match for team honors. It was the first time the Wave team had ever shot in a match, and also the only women's team to enter the match.

Qualified high school graduates between 20 and 31 are now being selected for the Waves. Full information can be obtained by phoning or writing the Navy recruiting office located in the county courthouse in Redwood City.

## News Column For The Veterans

A number of veterans each month run the risk of allowing their National Service Life insurance to lapse because they fail to take a second look before mailing their premium payments, Veterans Administration said.

Each month, VA district officers receive checks, money orders and postal notes that cannot be cashed, although they were intended to pay NSLI premiums. Many checks are not signed. Others are made payable to companies and organizations that have no connection with VA.

VA attempts to clear up such mistakes immediately, by writing to the veteran within 24 hours. But his premium cannot be marked "paid" until he sends back a cashable payment.

If the veteran who forgets to sign his check is near the end of his 31-day grace period, there is particular danger that his insurance may lapse, VA said.

Checks, money orders or postal notes should be made payable to the Treasurer of the United States. If, for any reason, the veteran does not have a VA premium envelope and does not know his insurance number, he should make certain his payment is accompanied by his full name, address and armed forces serial number.

Qupestion: I am a World War I veteran and was married in 1947. Will my wife be entitled to a pension at my death?

Answer: The law provides that the widow of a World War I veteran may be paid a pension only if she was married to the veteran before December 15, 1944. If she marreid him after that date, she must have been married to him ten or more years at the time of his death.

Question: How does a veteran apply for readjustment allowance?

Answer: A veteran must present his original service discharge or separation paper, or if that has been lost or destroyed, a certificate in lieu of, or a properly authenticated copy of such paper. He must file an application on Veteran Administration Form 4-1382. An initial claim is usually filed at the same time the application is made. This claim indicates whether the veteran is unemployed, partially employed or self-employed.

Question: If I accept and cash the compensation check VA sent me, does that mean I am satisfied with the rating given me?

Answer: No. The acceptance of a check does not waive any rights you have in claiming greater compensation or pension than that which has been awarded

# Scouts Stage Huge Scout-O-Rama At Cow Palace Friday, Saturday, April 22-23

To the music of bugles and drums and with flags flying, 4,500 Cub Scouts, Boy Scouts and Senior Scouts will march into the Cow Palace Friday and Saturday, April 22 and 23, to present their annual Scout-O-Rama.

The show consists of 12 acts and depicts the fun and adventure enjoyed by Scouts. For the past three months Scouts of San Francisco, assisted by parents and leaders, have been busy practicing their acts, preparing costumes, and building properties for "San Francisco's Greatest Boys' Show."

The Hamilton Air Force Band, led by Warrant Officer Elmer Bruna, will open the program at 7:15 p.m. Promptly at 8 p.m., and for the next two and a half hours, spectators will be treated to sights ranging from the cute capers of Cub Scouts to the thrilling adventuresome activities of Senior Scouts.

In "Make-Believe Land" 400 Cubs will enact favorite children's stories. Robin Hood and His Merry Men, Robinson Crusoe, Snow White and the Seven Dwarfs, Old Woman in the Shoe, Ferdinand the Bull, are just a few that will come to life on the arena floor.

Tying in with California's centennial, 500 Cubs, costumed as Indians, soldiers, and pioneers, with horses, wagons and 49'er equipment, will unfold one of America's greatest stories, the "Winning of the West."

Scouts will demonstrate their physical fitness in an event directed by A. W. "Dutch" Elston, center of the Forty Niner's football team and Neighborhood Commission in the Scout's Sunset District.

A relay race over a commando obstacle course, judo, boxing, tumbling and trampolin act will show that Scouts are "prepared" physically. Troop 90, the Bay Area's only mounted Boy Scout unit, will stage a horsemanship drill under the direction of Scoutmaster R. W. Callahan.

A full-blooded Cherokee chief, Dave Eddards, will lead 200 Scouts in Indian ceremonials and tribal dances in an Indian Village scene.

Troop 66, sponsored by St. Mary's Catholic Chinese Mission of Chinatown, will perform the traditional Lion Dance.

Scout skills in axemanship, fire by friction, flint and steel, knot tying and signalling by flags and blinker guns will be featured by 80 boys.

Boy Scout marches will be played by a massed drum and bugle corps of 150 pieces.

Senior Scout (over 15 years of age) will set up mountain style camps, demonstrate mountain climbing, and will stage an exciting simulated ship to shore rescue with a Sea Scout riding a breeches buoy on a 350 cable from a high point in the Cow Palace balcony to the arena floor.

## 1949 Silhouette

The exaggerated lines of the New Look are due for modification in the "1949 Silhouette," according to Parisian designers. Restraint and moderation keynote this black and white shepherd's check town dress by Jacques Fath, who was responsible for many of last year's grotesque fashion lines. The twin spiral peplum ends in a deep point on the left seam of a slender skirt. White pique plays up the ultra-feminine collar and cuffs, and an outsize yellow felt hat adds color to the ensemble.

# Funds Drive For Crippled Children Ends April 30th

The failing Easter seal drive to aid the county's crippled children has been extended to the end of the month in order to give local residents an opportunity to mail in their check or dollar for Easter seals to the crippled children's county headquarters at 1204 Burlingame avenue, Burlingame.

This year's campaign to date, according to Mrs. George Spanne, executive secretary for the county Crippled Children's Society, has failed to raise the necessary funds to carry on the society's program for the 1949-50 period.

Mrs. Spanne said that the goal this year was kept as low as possible in order not to be a burden on local citizens.

"The county crippled children's budget," she said, "small as it is has still not been attained and unless the full amount is forthcoming from the sale of Easter seals in the next two weeks, handicapped youngsters throughout the peninsula area will in some cases be denied the vital assistance which the society has always afforded needy children regardless of financial status."

It was Mrs. Spanne's feeling that in most instances recipients of Easter seal letters might have unfindfully laid them aside intending to send in the contribution later.

"It is our urgent hope," Mrs. Spanne said, "that those residents who as yet have not mailed in their checks or dollar for Easter seals will do so in the next few days."

She said that the fate of next year's local crippled children's aid program now lies in the balance and that only through an immediate effort on the part of all citizens can the program be saved from failure.

### D.C. Athletic Club Will Give Dance

The club is planning a picnic in the near future.

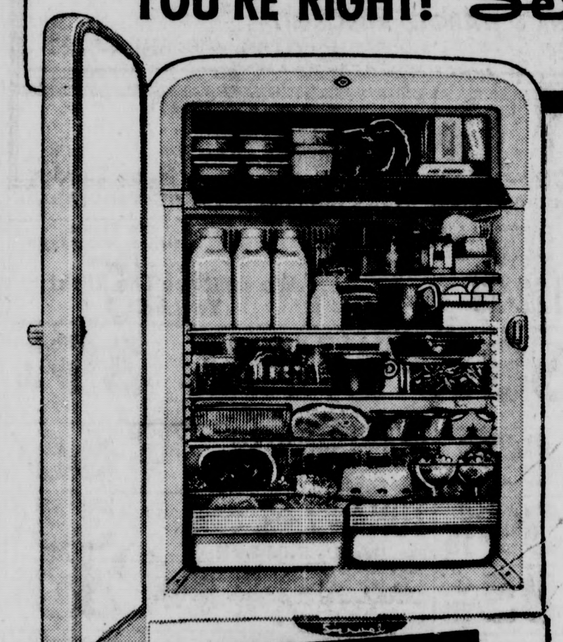
ARLENE FRANCIS
DELIGHTFUL STAR OF
"What's my name?"
ASKS..

WHAT'S THE NAME
of the only Refrigerator that
STAYS SILENT·LASTS LONGER ?

YOU'RE RIGHT! Servel GAS Refrigerator...



Like Arlene Francis's guest on the "What's My Name?" program, over 2,500,000 Servel-owning families know the answer: "The only refrigerator that stays silent, lasts longer is the Gas Refrigerator."

That's because the Gas Refrigerator is basically different from all others. It hasn't a single moving part in the freezing system. No machinery to cause noise, no motor to wear. A tiny gas flame does all the work. So Servel is permanently silent, longer-lasting.

The new Servel brings you every worthwhile convenience, too. A big frozen food compartment. Ample ice cube trays with trigger-quick cube releases. Dew-action fresheners for vegetables. A flexible interior with clear-across shelves. But see the beautiful Gas Refrigerator models for yourself. Come in today.

Free! YOUR CHANCE TO WIN BIG JACKPOT

Stop in today and fill out your "Entry Blank" for the weekly jackpot question on "What's My Name?" program. It's your opportunity to win finest modern gas appliances and other valuable awards. There's no obligation...

While you're in, ask for your free copy of "Inside Story" by Mary Margaret McBride, America's favorite radio reporter. It tells what Miss McBride discovered about the real difference in refrigerators. Don't delay. Do it now.

ALSO—ASK FOR COPY OF "INSIDE STORY" by Mary Margaret McBride

Listen every Saturday to "What's My Name?", starring Arlene Francis, on station XXXX, at 00:00 A.M.

## S. M. County Veterans Service Officer Issues Statement To Servicemen

Veterans in San Mateo county can get information about existing rights and benefits made available to them by federal and state laws from Floyd D. Granger, veterans service officer, but he adds this qualification:

"Our information is complete, or reasonably so, only if the law is now on the books. If it's about a bill just introduced in Congress or the State legislature, please don't expect us to be much better informed than you are."

Granger pointed out that only a fraction of the proposals dealing with veterans' affairs are actually enacted into law at each session in Washington and Sacramento. And there are often many amendments and delays involved for those which run the gamut of both legislative houses and then governor's or President's signature, he added.

"Once a bill becomes a law, we'll have the information promptly," Granger said. "An example is the measure enabling veterans' wives to act for them in applying for property tax exemptions; we got word out promptly on that. But please don't bombard this office with requests for 'inside dope' about how some legislation is progressing, or how soon you can apply for some benefit that isn't even past the committee stage; read your newspaper carefully, instead of just the headline about veterans' benefits, and you'll be about as well posted as we are."

### O.J.D. Bethels To Hold Joint Meeting April 22

Bethel No. 26, International Order of Job's Daughters, will hold a joint meeting with Bethels Nos. 37, 51 and 183 at 7:30 p.m. Friday, April 22. The meeting will be held at the Mission Masonic Temple. Mrs. Sarah L. Johnson, grand guardian, makes her semi-annual visit.

April 24 will be Bethel 26's "Go to Church Sunday." The services will be held at the Geneva Avenue Community Church, Geneva avenue and Vienna street, at 11 a.m. All members of the order are welcome to attend.

## Boat Show Opens This Friday In SF Civic Auditorium

The largest display of boats ever assembled under one roof will be exhibited at the San Francisco Sports, Travel and Boat Show in the San Francisco Civic Auditorium.

The Sports Show opens Friday April 22 for a 10-day run extending through May 1. This year's show is the fourth annual staged by the directors of the Pacific Coast's pioneer sports exposition.

The boat section of the show will include a half-dozen 38- and 26-foot cruisers, several hydro-cruisers, and several lines of the latest yacht models.

Moored at the show also will be teardrop runabouts, a score of outboard models, aluminum boats, skiffs, and fishing boats of the latest design. Marine enthusiasts will also see a complete display of boating appliances ranging from windlasses, spotting telescopes, direction-finders and plastic appliances, to the latest styles in yachting clothing.

A sixteen-act star-studded entertainment program with Monte Blue, Hollywood luminary, as ringmaster, will be presented at both afternoon and evening performances at the Sport Show. A bevy of Northern California beauties will model the "last word" in bathing attire and Westernwear. Special events will include fly-casting and bait-casting tournaments, golfing and tennis demonstrations and instruction, and a special sporting dog show.

The Sports Show's huge indoor lake, specially filtered to a Tahoe Blue, will be the scene of numerous aquatic events including comedy acts and regattas.

More than 200 exhibits, covering the entire field of outdoors sports, have been booked and will cover every square foot of the Civic Auditorium, largest indoor display building in the West.

## Weeding Out Malayan Communists

A patrol of the Malay Regiment makes its way along a jungle trail in Pahang in search of Communist bandits in hiding. Security forces, including the police, army, auxiliaries, navy and air force, are slowly weeding out the 5000 remaining Communists in Malaya, most of whom are Chinese. No holds are barred in the drive, since it is expected that Chinese Communist forces will move into Southeast Asia, rich in natural resources, when their hold on China is consolidated.

## Latest Rulings On Rent Control

In answer to many queries from San Francisco, Marin, Sonoma, and San Mateo county landlords, Henry A. Cross, area rent director of the San Francisco Bay Defense-Rental Area, has defined the action to be taken by owners whose rental property is decontrolled or brought under rent control for the first time by the new rent control act.

Rent control applies now to all rental housing units which were previously decontrolled because they were not rented for any successive 24-month period between February 1, 1945, and March 30, 1948.

Landlords have until April 30 to register any of these units which were never under rent control. Units of this category on which no maximum rent has ever been set before will be subject to adjustment to the rent generally prevailing for similar accommodations on the maximum rent date.

Landlords may obtain assistance in preparing registration statements at the local rent office located at 180 New Montgomery street, San Francisco. The registration forms will be mailed out on written request or a call to GArfield 1-0125, Ext. 126 or 127.

Previously registered units need not be re-registered, bu the owners are advised to show the registration statements to the present tenant. The landlord cannot charge more than the maximum rent shown on the registration statement, plus or minus adjustments approved by the rent office.

The new rent law recontrols all accommodations which were decontrolled through 1947 voluntary rent-increase leases being terminated prior to April 1, 1948. These are now recontrolled at their old lease rent. The landlord must file a report of lease termination with the area rent office immediately, unless he has previously filed such a report. Accommodations covered by leases which expired or terminated on or after April 1, 1948, have been and still are subject to rent control.

Trailers and trailer spaces which on April 1, 1949, were not used exclusively for transient occupancy again are subject to rent control. Transient occupancy may be established for trailers or trailer space if rented on a daily basis to a tenant on April 1 and then only if the tenant had not been in continuous occupancy since March 1, 1949.

The rental rate for recontrolled trailer accommodations will be the last maximum rent in effect under federal rent control, which was not later than January 4, 1948. Any trailer unit which did not have a maximum rent in effect on or before January 4, 1948, must be registered with the area rent office by April 30, 1949, at the rent first charged after January 4, 1948.

## HI-LITES AT C.C.S.F

By Roy Hurlbert

A unanimous vote by the student council got initial plans for the forthcoming college Mardi Gras celebration going in a recent session of that body. The gala affair has been set for May 27 with an outline of activities indicating that it will be well worth taking in. Harry Williams, chief plugger for the not-too-distant occasion, indicates that this proposed outdoor festival promises to be one of the best promotions of the college. There's supposed to be even a parade featuring the costumed red hots down Ocean avenue as the starter. And to complete the typical carnival atmosphere, if sufficient funds are available, a ferris wheel and merry-go-round will be carted in for entertainment. An orchestra is also expected which should make for a rollicking good time in store for all.

Where does the Council fit in, you say? Well, I reply, its members graciously consented to finance the works with an additional dole out of $170.

**ATHLETIC HAPPENINGS**

Dugout strategist Bill Fischer and his title-hungry baseballers take up their league chores once more next week end with a brace of tilts against Hartnell College of Salinas. In the interim the Rams were to tussle with the Cal Frosh, St. Mary's, and the California Jayvees, in that order. Fischer's twirlers are slowly beginning to look like they could go all the way, with Ron Kiefer, Lee Jones, and Bobby McGovern holding forth as a pretty fair trio. The Rams are also pounding the horsehide at a healthy clip as of their last outings with Menlo's Oaks and the batting order is solid throughout.

If there is a remedy for losing track meets, Gloomy Grover Klemmer would appreciate any help along that line. The locals have been also-rans in four duel contests thus far, two of their defeats coming in NCJCC engagements. During the vacation layoff, the youthful tutor and his thin lads packed off to Marin County where they were rudely hosted by Santa Rosa Junior College. The transbayers out-gunned Klemmer's minions to the tune of 73-58.

Saturday, the Rams will look for the silver lining in the NCJCC southern secionals at Salinas.

Boxing pilot Roy Diederichsen and five of his "pupils" expect to be in Pasadena early next week to contest national junior college championships held there starting Wednesday. Lenny Garcia, 125, Jerry Stern, 135, Roy Damas, 145, Dean Bender, 175, and Frank Sueuga, heavyweight, all qualified in Modesto last Saturday night in the northern California regionals. Two battlers from Modesto J.C. and one Al Busto from Placer also triumphed and thereby became eligible for the Pasadena show.

Filling out the college's weekly sports scene, Harry Buttimer's tennis squad puts out the welcome mat to Monterey's team tomorrow at Golden Gate Park, while Ralph Hillsman and his golfers serve tea to invading Modesto J.C. in a match at the Harding Park links.
